Professor Knight's

**TOP TIPS**  
FOR SURVIVING SCHOOL

Professor Knight is an expert at surviving school. Follow his top tips below and you will be well on your way!

**DON'T BE INVISIBLE**

- Unless that's your thing.
- Stand out and let your talents show!
- Be the best four-headed, six-toed, three-lipped monster you can be.

**MAKE NEW FRIENDS**

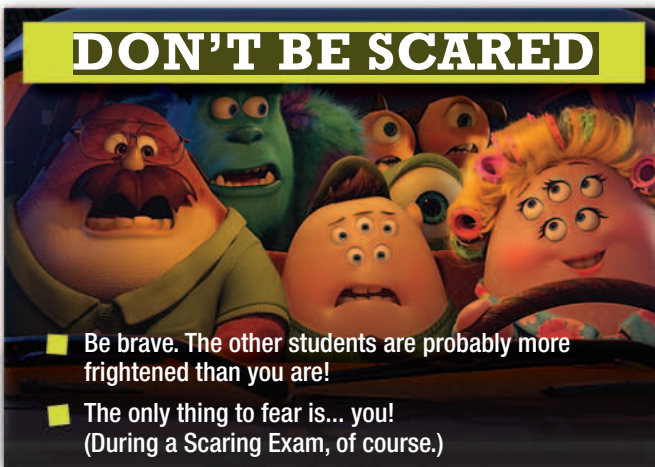

- Hairy, slimy, squishy, smelly... everyone needs a friend.
- Monsters travel better in packs.

**TRY NEW THINGS**

- Try something that scares you. You might like it!
- Go ahead, put your best claw forward.

**DON'T BE SCARED**

- Be brave. The other students are probably more frightened than you are!
- The only thing to fear is... you! (During a Scaring Exam, of course.)

*Before you walk out the door:*

- ✓ Positive Attitude! ★
- ✓ Books and Homework!
- ✓ A Big Smile!
